Sirs:By profession, I am a long haul truck Driver. I am also an XM Satellite Subscriber and benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge you, the FCC to reject the NAB's petition 04-160 and support XM's ability to provide the kind of programming that I, according to my constitutional rights, deserve and demand. Thank you.
